I'm introducing a new version of a field calculator that calculates based on a field within a separate table. The same field is needed in the target field. Some field calculators have already been invented that do this, but I couldn't find a field calculator that calculates based on a field that is not in the original table. I need an application to import data from a CSV into a MySQL database. Here is a summary of the fields in the CSV: Field Name: 1. Vendor 2. Status 3. Quantity 4. Shipping Method 5. Price Field Type: 1. String (vendor) 2. String (status) 3. Int (quantity) 4. String (shipping method) 5. Decimal (price) Field Values:
(1,2,3,4,5,5.7,5.8,5.9,6,6.1,6.2,6.3,6.4,6.5,6.6,6.7,6.8,6.9,7,7.1,7.2,7.3,7.4,7.5,7.6,7.7,7.8,7.9,8,8.1,8.2,8.3,8.4,8.5,8.6,8.7,8.8,8.9,9,9.1,9.2,9.3,9.4,9.5,9.6,9.7,9.8,9.9,10,10.1,10.2,10.3,10.4,10.5,10.6,10.7,10.8,10.9,11,11.1,11.2,11.3,11.4,11.5,11.6,11.7,11.8,11.9,12,12.1,12.2,12.3,12.4,12.5,12.6,12.7,12.8,12.9,13,13.1,13.2,13.3,13.4,13.5,13

Keymacro allows you to control any SQL Server stored procedure from your Access database. SQL Server stored procedure, includes dynamic SQL, EXECUTE... OFFSET, EXECUTE... INTO and many more features. The MySQL equivalent for this is FUNCTIONS, but here you have the ability to create any stored procedure you can build in SQL Server with the SQL CREATE... PROCEDURE... DYNAMIC feature. In addition, you can create a keymacro that will allow you to control the access to SQL Server and MySQL stored procedures from your Access database. WHAT THE PUBLIC SAYS: "I got what I was looking for exactly, I had no idea this could be done so easily, Thank you very much." - Thomas "this is one of the most useful tools I have ever used and it has really reduced the time it takes me to get my Access databases up and running! If you are going to use SQL Server or MySQL this is a must have!" - Robert (ver 1.3) "Very fast and very easy to setup, saves me a lot of time!" - Jan (ver 1.1) I tried out many other programs, but this one has so far been by far the easiest and

most useful. I am also impressed how quick and simple it is to install the program. You need no technical knowledge and this can be started in less than 5 minutes. I will be using this product for many years to come, for myself and for my customers. My customers are very happy about this product, because it has saved them a lot of time. The developers are great people to do business with." - Pierre (ver 1.1) "I am very satisfied with the support offered by KeyMacro and their friendly professional way of working." - Michel (ver 1.1) I wish KeyMacro the best of luck!" - Jacky (ver 1.1) "This is a really good product and has made my work much easier!" - Jo (ver 1.1) "I have only had it for a short time, and I have already found several good uses for it." - Daniel (ver 1.0) This is really a very good product that I will use for the foreseeable future." - Thomas (ver 1.0) "I think that KeyMacro is great and I am very satisfied with it." - Gerrit (ver 1.0) 2edc1e01e8
