
The Wolf Of Wall Street 2013 720

this is a creative commons licensed work. the creative commons license allows others to distribute and adapt this video as long as they attribute the author of this video with a hyperlink to this youtube video. the author of this video is wall street. in the film the wolf of wall street, michael jordan and leonardo dicaprio play characters who make their fortunes in the stock market. however, in real life, jordan may have made his most profitable trade yet. the wolf of wall street (2013) is the second of three films in the 2013 martin scorsese/ leonardo dicaprio collaboration. like the wolf of wall street (2013), the wolf of wall street (2013) is a film about a man who is morally bankrupt, and yet still has the right connections and people who will get him what he wants. there are many jokes and references to the world of money, and it is an enjoyable ride for the whole family. in the wolf of wall street (2013), leonardo dicaprio plays jordan belfort, an aspiring stockbroker who sets his sights on the big time, and for a while he succeeds. unfortunately, his success comes at a great personal cost, which results in belfort's downfall, and eventual ruin, which comes in the form of a lengthy prison sentence, and a visit from his old friends - from college and the business world - that require his help. so what is it about the wolf of wall street (2013)? is this a film about morality? it's all about money, but is this film really about morality? i don't think so, although it does touch on moral issues. it is about money and greed. it is also about deception, trust and the lengths people will go to in order to get what they want. it is about the big time in the world of money, and it is quite entertaining. it also features some spectacular celebrity cameos, and a great soundtrack.

The Wolf Of Wall Street 2013 720

It's almost hard to believe that "Wolf of Wall Street" could've been an actual person. The lives of Jordan Belfort and Donnie Azoff (and others like them) are almost too ridiculous to believe, so outrageous that it's easier to forget about them and watch the movie in disbelief. And you kind of need to go along for the ride, as if watching a cartoon. There's such a sharp focus on only the juiciest

aspects of their story, and so little of the mundane details that you can't help but get wrapped up in their money-printing machine, money-spinning machine. But Scorsese still makes you laugh, and if nothing else, "Wolf" is getting you ready for the greedy and corrupt money mad world that we live in now. (Ken White) Read more Wall Street has never felt wilder than in the films of Martin Scorsese, and the Wolf of Wall Street is his finest work yet. Its examination of excess, however, is matched by its uncomfortable realism. Not much of Jordan Belfort's story is new. Instead, the director has mercilessly mined his 1990s memoir for the most notable features. The movie "Wolf of Wall Street," may have left many believing that Wall Street is a splendid melting pot of ideas, intrigue and the ability to get rich quick. This film, however, establishes that the name Wall Street is made up for the literal meaning of "edge." This film exposes the underside of life in the financial capital, only through the eyes of those who have accumulated untold wealth that most likely are millionaires, yet are working simply to keep up with the latest fashion. Read more While there are many reasons why stockbrokers are not allowed to drink while working, one of the prime reasons is because drinking reduces their attention span. I've known a good deal of stockbrokers over the years, as well as probably every human being who has ever worked on Wall Street in some capacity. The one thing I can say about all of them with the utmost of certainty is that they all couldn't drink if they tried. If I'm seeing one more thirty-something-year-old stockbroker at the moment, I am going to lose it. Instead of paying attention to what I'm saying, they're smiling like college kids. When I ask a stockbroker a question, I expect a stockbroker to give a stockbroker like answer. I expect that they are completely aware of what is going on and what I'm saying. I don't expect a stockbroker to kiss my ass, but, hey, it happens on occasion, as I'm sure it does to every other human being in the world. Read more 5ec8ef588b
