Alive By Nature 7,1 оценка RATED: Download/Stream Algiers (2006) After the massive success of 2003's The Steadfast Tin Soldier, the English indie pop band, Algiers, started recording their new album in 2006 with some help from producer, John Greenham, who'd previously worked with English rock bands, such as the Manic Street Preachers, The Feeling and the Razorlight. The album was released in December 2006, titled Algiers, was their biggest success to date, reaching the top of the charts on the UK Albums Chart. While some critics labelled it as a flop album, others had praised it for its refreshing sound. A single, An Honest Mistake, was released in October 2006, and also received good reviews from critics. The album is considered their best album, and has been the biggest commercial success of their career so far, topping the UK album charts for several weeks and receiving a platinum certification. "Ostinato", the song that plays in the end credits of the 2006 film The Talented Mr. Ripley, was released as the lead single from the album. The album also features remixes of "An Honest Mistake" (which features on the album as well), "Career Suicide", "Sugar Free" and "You Don't Belong" (the B-Side to "An Honest Mistake"). 01.
